

Vetrotech Saint-Gobain International AG is an international leader in the production of fire protection, safety and high performance glass for buildings and marine. Having grown successfully the market over many years, Vetrotech – with headquarters in Switzerland – has several production sites in Europe and overseas as well as sales offices and its own test laboratories for safety glass.

In order to complete our young and dynamic Finance team of our head office in Flamatt (CH), we are currently seeking:

Financial Controller (f/m/d) 80-100% or in job sharing

Your duties:

- Organization and optimization of the Business Unit controlling processes
- Budget and long-range planning
- Establishment of monthly, quarterly and annual financial statements, inventories according to current legislation, group guidelines and internal and external audit requirements
- Do internal and external reporting in compliance with the pre-set deadlines
- Coordination and organization of results management
- Cost controlling and cost reduction in the area of responsibility
- Support of the sales departments with calculations
- Implementation of result and cost analysis
- Support to the CFO for the Budget and Long-range Planning
- Ad-hoc reports creation for the CFO and management
- Support for credit management
- Assure WebMethods as Key-User
- Occasionally: Collaboration or project management in the area of finance and controlling

Your profile:

- You are a self-driven and proactive personality
- You want to be a real sparring partner to the business
- You have an university degree or equivalent in Finance
- You are at ease to communicate with any level of hierarchy
- You have at least C1 level in English and German (orally and in written), French is a plus
- You bring 5 to 10 years' experience in controlling
- You love SAP – you are an expert in SAP FI/CO and you know well SAP MM. On top, you use easily MS Office tools (especially Excel) and Excel Dynamic Links and you are ready to learn consolidation systems such as Magnitude or WebSif) or tools such as Magnitude.
- You are at ease working in a very international environment.

Our offer:

- Participation in creating a brand new Finance team (but with knowledge in house)
- Flexible work time
- Home office possibilities
- Free parking slot at the office / only 5 walking minutes away from the railway station Flamatt
- Free fitness abonnement close to office / jogging possibilities alongside the river Sense (and showers available in the office)

Interested? Then please send your complete application under indication of the reference number VET-202129 to hr.vetrotech@saint-gobain.com
