# REACH DECLARATION

## *LAMINATED GLASS with SentryGlas*

In reference to the Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (“REACH”), as amended, and in compliance with Article 33 (1),

We declare that the products listed in the Appendix contain a SentryGlas interlayer sheet that contains more than 0.1% by weight of the following substance:

Name of the substance	2-(2H-benzotriazol-2yl)-4,6-ditertpentylphenol (UV-328)
Identification numbers	CAS 25973-55-1/ EC 247-384-8
SVHC <sup>4</sup> classification reason(s)	PBT(persistent, bio-accumulative and toxic) vPvB (very persistent very bio-accumulative)
Concentration in the article	Between 0.2% and 0.4% in the SentryGlas film Less than 0.1% in the final product
Information on safe handling including safe disposal if relevant	The SentryGlas as included in our laminated glass does not represent a risk for the health of the user under normal conditions of use.  The laminated glass waste must be handled in such a way that the release of SentryGlas film to the environment is minimized.  SentryGlas separated from glass should not go to landfill. Recommended options are recycling or incineration.
